Damage or Cleaning Fee

Any damage done to the property or excessive cleaning may result in a charge to your credit card. In order to avoid a cleaning charge please return furniture to its original position, return dishes to the pantry and leave the place as you found it, for those with dogs this includes picking up outside after your dog.

Pets

Please be respectful of people with allergies and keep your pets off of the furniture. Keep your dogs tied or on a leash at all times as there are many cars driving on the property and not every one slows down. Our dogs travel back and forth with us as we go about our work and keeping your dog tied or leashed will avoid unnecessary confrontations. There are also many wild animals that present a hazard to dogs, one of the most common being skunks. Please pick up outside after your dog or a cleaning fee will be applied to your credit card.
